

Ambassadors to Southern Asia Rewards and Fishing Plan Worksheet

You belong to the **Ambassadors to Southern Asia**. You are assigned to bond with an exchange student from Southern Asia while sharing your research on the personal rewards of fishing here in America. You will then design a plan to take them fishing to demonstrate the personal rewards of fishing with you. Select two members of your group to present your findings to the class.

First, research and write down a particular city and/or country located somewhere in Southern Asia. Research their population density, cultural values, and possible fishing opportunities. City and/or Country: _____

Next, explore the webpage and “resources” on the Personal Rewards of Fishing then list below your four (4) top personal rewards from fishing. Try to **select four rewards** that you will be sharing with your exchange student that will help them better understand your personal interests, values and culture when you take them fishing.

1. _____
2. _____
3. _____
4. _____

Rewards Fishing Plan – Discuss with the rest of your Ambassadors group what things you can include in a “Rewards Fishing plan” that will help your exchange student learn firsthand the benefits of fishing. List below the details of your plan that might include: who you will be fishing with, where and how you will be fishing, what species you are fishing for and what you intend to do with fish that you catch. Include what might happen before, during or after fishing to demonstrate the personal rewards.
