

Estuary Stewardship Graphic Organizer

Educational Partners:

Group Names: _____

RESEARCH FINDINGS:

What problems were identified?	What restoration strategies were used?	Who was involved?	What evidence shows impact or challenges?

PRESENTATION CONTENT DRAFTING

How will your presentation demonstrate the following components:

Explanation of the estuary system

Importance of wild rice (both ecological and cultural)

Threats to estuaries and wild rice

Evaluation of at least one current restoration effort

A proposed next step or improvement

Expected benefits and possible trade-offs

CONTENT DELIVERY METHOD

How will you communicate your proposal?

Why do you think this is the best method to communicate your findings?
