Before watching the video or exploring the website, review these questions and look for answers during the video.

1. What are some recreational ecosystems that can be impacted by humans?
2. What types of "aquatic recreational activities" might affect a local lake or river environment and the species that live there?
3. What social and environmental influences shape how professionals develop a set of outdoor ethics?
4. What's the difference between; 1) No-impact, 2) Low-impact, 3) Measurable-impact on recreational ecosystems?
5. What challenges do resource management professionals face in shaping public perceptions about outdoor ethics?
